The **DERTOUR Foundation e.V.** is a non-profit association and pursues exclusively and directly charitable purposes and can realize these in cooperation with other charitable associations or foundations.

The association advocates the following promotional purposes.

The advancement of...

... assistance to children and young people

... upbringing, adult education, and vocational training

... nature conservation and environmental protection

... development cooperation

... animal welfare

We take the following measures to implement these association purposes:

- **Promotion of education**, for disadvantaged children and young people, for example by creating the necessary school infrastructure and access to vocational training.
- **Promotion of ecological habitat and species diversity**, such as by means of awareness raising and educational measures.
- **Promotion of environment and climate protection projects** to preserve natural resources.
- Support of projects aimed at **protecting wildlife in tourist regions**.
- **Support of development measures** to lastingly improve the living conditions among the local population and create an economic source of income.
- **Assistance in the aftermath of natural disasters** by reconstructing or repairing the infrastructure.
